Why Us?

+20 Years of Experience

As a prominent entity in the packaging materials industry, we boast a wealth of experience spanning two decades, coupled with a proven track record of customer satisfaction. Our robust market presence extends to both local and global spheres, and we take pride in our unwavering commitment to excellence and professionalism.

Professional Services

We provide our services with a high level of professionalism, as simply meeting the expectations of our customers is not our ultimate goal. Our aim is to consistently surpass the expectations of our clients, particularly when they encounter difficulties and seek our assistance.

Experience

10000+ Orders Produced by Expert Team

Over the course of the last two decades, our team has successfully fulfilled numerous orders for our valued clientele, always striving to meet their specific requirements.

While we have encountered occasional setbacks, we have transformed these challenges into valuable learning opportunities, ultimately enhancing our productivity and efficiency in subsequent orders.

Let's Reduce Your Costs Together

In today's business management field, it is evident that profitability is not solely dependent on the sales process; rather, it is also significantly influenced by the quality of the purchasing process. Furthermore, purchasing quality goes beyond simply getting the lowest price; it involves finding a fair price that matches the required level of quality for the organization's needs. Additionally, other factors that impact purchase quality include the speed of delivery, the provision of helpful advice, and effective problem resolution. Therefore, don't be deceived by a low price without taking into account these other essential factors that play a crucial role in enhancing your organization's profitability.

A Few Words about Us

The organization is delighted to declare that it has successfully met the requirements for quality and safety management standards of ISO 9001 and ISO 22000.

The company has undergone a thorough evaluation process where external experts inspected and audited their adherence to international regulations and industry best practices. The company shows appreciation to its employees, partners, and suppliers for their assistance and collaboration in achieving this milestone. The organization is committed to delivering exceptional service and professionalism to its customers in the future.

We Make Your Vision Come True

Pack House Egypt is your one-stop destination for packaging needs. We go beyond delivering exceptional products, aiming to consistently exceed your expectations and elevate your brand image. We highly value our customers as partners, collaborating closely to understand their unique requirements and provide customized solutions.

Our commitment is evident in our use of cutting-edge machinery and skilled workers, ensuring consistent quality across our product range. Staying updated on industry trends allows us to adapt to evolving market demands effectively. Our premium products offer a competitive edge to help you achieve your goals. In summary, we invite you to experience our expertise and join our growing list of satisfied customers.

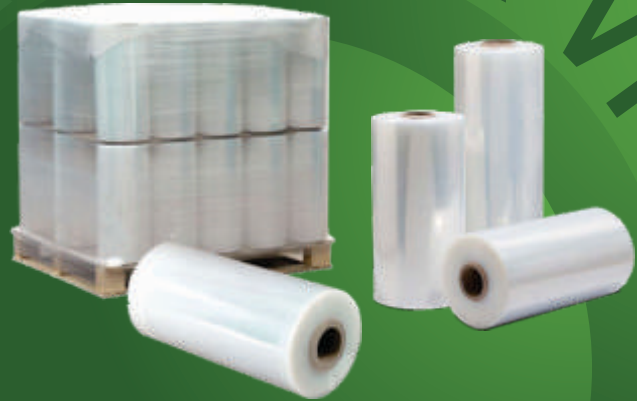

Pack House Egypt is your dependable choice for packaging.

OUR PRODUCTS

Automatic Stretch

Automatic stretch film is utilized to wrap and safeguard pallet loads, providing flexibility, durability, and resilience against damage, adverse weather conditions, and dirt. Machinery can assist in streamlining the wrapping process.

Manual Stretch

It is a durable plastic film that can be effortlessly stretched around various objects, particularly those placed on a pallet. The wrap's elasticity enable it to securely bind the items, ensuring stability and proper alignment of the palletized goods.

OUR PRODUCTS

Shrink Film

This group packaging material undergoes shrinkage at around 180°C, providing an effective shield against damage and dust for various products. It offers superior advantages over cardboard, particularly in the food and beverage industry, as it offers enhanced hygiene, convenience, and safety.

Plastic Rolls

Our expertise lies in the manufacturing of tailor-made plastic rolls, specifically designed to meet the unique requirements of our clients. Our product range includes both low-density and high-density materials, each possessing distinct characteristics and serving diverse applications.

OUR PRODUCTS

Plastic Bags

Plastic bags, whether utilized in industrial applications or for food storage, are produced using high-density or low-density materials of excellent quality. During the manufacturing process, the bags are created in various sizes, starting from 15 cm, for both high-density and low-density variants.

Tubular Net

PE mesh bags are commonly employed for packaging purposes, particularly in the produce and specialty markets. We provide a variety of woven mesh bags in different colors and sizes. These bags are lightweight but also resilient, making them an ideal option for packing various products.
